Office Use table with columns for Planning/zoning, Building, and Engineering, including fields for Approved by, Date, Registered, Bond, Fee, and Date Issued.

- CONSTRUCTION REQUIREMENTS:
• Pools/hot tubs and associated elements shall be constructed in accordance with 2015 International Swimming Pool and Spa Code and the electrical requirements of the 2017 National Electrical Code.
• Hose bibs used to fill the pool must be equipped with a vacuum breaker.

- ZONING REQUIREMENTS:
• An above ground swimming pool, hot tub, spa and any accessory equipment can be located in either a rear or side yard, however, above ground swimming pools are not permitted in front yards or side yards abutting a street.
• Ground floor area:
o Rear yards: The ground floor area of all accessory structures located in a rear yard shall not exceed the lesser of:
▪ Twenty (20) percent of the area of such rear yard or;
▪ Seven hundred (700) square feet
▪ Fifty percent (50) of the floor area of the principal structure

- SUBMITTAL REQUIREMENTS
• Completed application and copy of signed contract.
• Decks require a separate permit.
• Indicate location and dimensions of concrete slab/patio for hot tub.
• Provide three sets of manufacturers specification sheets explaining the pool/hot tub design and mechanical features.
• Indicate the method of making the pool/hot tub inaccessible to small children (per the 2015 International Swimming Pool and Spa Code).
• Three copies of fully dimensioned plat of survey showing the proposed work and signed plat of survey accuracy affidavit form.
• Please note that plans shall accurately show dimensions and construction of the pool/hot tub and appurtenances and properly established distances to lot lines, buildings, walks and fences, as well as details of the water supply system, drainage and water disposal systems, and all appurtenances pertaining to the swimming pool/hot tub. See attached reference guide.
• Express permits require a 3 day plan review.
• The permit fee is \$88.00. The permit is good for 90 days from date of issuance.
• Contractor must be registered and bonded with the Village – Letter of intent required from plumber.

2019 EXPRESS PERMIT APPLICATION ABOVE GROUND POOL/HOT TUB

Please be sure to read and sign on following page

INSPECTIONS

- Contractor or homeowner to be on site with stamped approved "job copy"
Please call the Building Division at (847) 359-9042 at least 24 hours in advance to schedule an inspection.

The following inspections are required:

- A POOL LOCATION INSPECTION must be completed and approved prior to applying for a permit. Before you schedule the pool location inspection, all underground utility lines should be located by J.U.L.I.E. (Joint Utility Location Information for Excavators at 1-800-892-0123) and the proposed pool location should be accurately located by spray painting the outline on the ground.
Underground perimeter ground
Pre-pour inspection for slab/patio supporting the hot tub.
Final inspection - when work is completed, prior to any usage of the pool/hot tub

ADDITIONAL INFORMATION

Homeowner's Associations (HOA) may have covenants, conditions and restrictions that are more restrictive than the Village of Palatine's Zoning Ordinances. Therefore, it is the responsibility of the homeowner to acquire approval from their Homeowner's Association for any construction proposed under this building permit. The Village does not require HOA approval prior to issuing a permit.

Signatures

I hereby certify to the correctness and accuracy of this application and all submitted information and agree to perform the above construction in strict compliance with all provisions of the Village of Palatine code of ordinances. It is my understanding that no error or omission in either the plans or application, whether said plans or application has been approved by the Community Services Department or not, shall permit or relieve the applicant from constructing the work in any other manner than that provided for in the ordinances of the Village relating therein. In addition, I hereby authorize the above listed contractors to perform all work necessary to complete the requirements of this permit. I also understand that the Code Official upon presentation of proper credentials may enter at reasonable times any building, structure or premises in the jurisdiction to perform any duty imposed upon him by such ordinances. Having read this application, the information handout, and fully understanding the intent thereof, I declare that the statements made are true to the best of my knowledge and belief.

2019 PLAT OF SURVEY
AFFIDAVIT/
REQUIREMENTS
1 OF 2

**PROPERTY OWNER'S AFFIDAVIT OF PRESENT
 ACCURACY OF ATTACHED PLAT OF SURVEY**

LEGAL DESCRIPTION: (ATTACHED SURVEY)

I am the owner of record, of the property with the legal description as stated on the attached plat of survey. I hereby affirm that the survey attached hereto is the survey for said property, and that the attached survey accurately depicts the current conditions with all existing improvements to the property as of the date of this affidavit and provides the information as required per the **Submission Requirements for Zoning Review** (see other side).

In addition, I know of no assertion being made by any adjoining owner or by myself against them, as to the location of the property boundary lines or disputes as to occupancy of any portion of my property or their property.

I fully understand that in the event the attached survey does not accurately depict all existing improvements made to the property as of today's date, the Village of Palatine may elect to reject this plan and the permit for which I am applying shall not be approved (or work in progress pursuant to the permit will be stopped) until an accurate survey has been received and approved by the Village of Palatine.

Submission Requirements for Zoning Review

Review by the Planning and Zoning Department is completed prior to the issuance of a permit. Zoning review checks for compliance of lot coverage and building coverage for all improvements on a parcel. Size, location (setbacks) and height of the proposed construction are also reviewed. In order for Staff to complete the zoning review, a scaled plat of survey shall be submitted with your permit application. On this plat of survey indicate the proposed construction and any additions to the property since the plat was drawn. This must be drawn to scale.

Information for all existing structures shall be included on your Site Plan. If your Plat does not include all of the applicable information, correct any deficiencies by adding any missing structures or paving to the Site Plan. Site Plans and Plats of Survey should be to scale.

Existing Structures:

Please note the dimensions and locations of:

1. Residence, including garage
2. Porches/stoops
3. Driveways - The width at the property line as well as the width at the widest point should be indicated.
4. Sidewalks
5. Patios or Decks - The height of the deck or patio shall be noted as measured from grade
6. Accessory structures, such as
 - Detached garages
 - Pools. Note if the pool is above ground, or in-ground, and any patios/deck surrounding it.
 - Sheds
 - Play equipment
7. A/C Units and Generators
8. Fences

Proposed Construction:

Indicate the location, setbacks from the residence and property line(s), and height.

Helpful Hints:

- A plat of survey notes the property as it existed at the time the survey was drawn. It is acceptable for you to update this plat of survey by drawing to scale any additions to the property since the plat was drawn. In addition to existing information, show the proposed work to scale.
- You can find dimensions of many structures on your property

on your Plat of Survey.

- Irregular shaped structures, like patios or playground equipment, may be “boxed” as a simple way to indicate the approximate dimensions.
- Building Coverage is defined as all roofed structures (porches, garages, sheds) and any structure over 16 inches in height from grade (decks, patios, playground equipment, above ground pools).
- Lot Coverage consists of all structures included in the Building Coverage as well as any impervious surfaces (driveways, sidewalks, brick patios, etc.)

If you have any questions regarding the zoning review submission requirements, please contact the Planning and Zoning Department at (847) 359-9042.
